

NORTH PRECINCT

Public Safety Action Committee Meeting

The monthly PSAC meeting is a forum where community members, businesses, neighborhood associations, the North Precinct Portland Police, and City and/or County representatives come together as partners to work together to problem-solve issues in their neighborhoods.

This is a great opportunity for neighbors to meet City and County employees and community partners working on issues of crime and livability in their neighborhoods. The meetings will be facilitated by Crime Prevention staff. The first 30 minutes of each meeting (6-6:30pm) will be for specific Q&A and networking between community partners, City/County representatives, and neighbors. See details for each meeting below.
